

2024 ARRL Field Day Results

More than 31,000 participants took to the airwaves during amateur radio's most popular on-air event.

Paul Bourque, N1SFE, ARRL Contest Program Manager

All 85 ARRL and Radio Amateurs of Canada (RAC) Sections participated in Field Day, and we received 64 entries from 27 countries outside the US and Canada, which is a record high for DX participation in this event.

While the number of participants increased this year, the total number of entries decreased by 126 from 2023, which is a 3% change. Traditional Class A and B field stations represented 42.2% of all entries, while Class D and E home stations represented 52.4% of the total entries. Class C (mobile) stations remained relatively unchanged from last year. Class F (Emergency Operations Center, or EOC) slightly increased from 2023.

The total number of reported QSOs increased by 4% to almost 1.3 million, likely attributed to increased propagation as we near the peak of Solar Cycle 25. The number of phone and CW contacts increased from last year, with more than 522,000 phone contacts and more than 490,000 CW contacts. More than 283,000 digital QSOs were reported this year, which is a slight decrease from last year.

This year, ARRL announced that a new Field Day Responsibilities bonus of 50 points would be available for Class B, C, D, E, and F stations. Similar to the Safety Officer bonus available for Class A stations, this bonus encouraged participants to welcome guests to their Field Day locations and ensure that safety

Bob Lear, W4ZST, and Paul Nemeth, W4DUI, explain FT8 to Elizabeth and Tiffany Adams at the Gateway Amateur Radio Club, K4GAR, Field Day in Cleveland, Georgia. [Jerry Peel, KA4BDW, photo]

Entries by Class Summary

Class	Entries	% of Total
A	1,254	29%
B	568	13.2%
C	52	1.2%
D	1,612	37.3%
E	650	15%
F	183	4.2%
Total	4,319	

2024 Field Day Overall Statistics

		% Change
Number of Participants	31,628	1%
Total Entries	4,319	-3%
Checklogs	123	8%
CW QSOs	490,813	3%
Phone QSOs	522,378	8%
Digital QSOs	283,525	-2%
Total QSOs	1,296,716	4%

precautions were taken. Three hundred fifty-four participants claimed the Field Day Responsibilities bonus as part of their entries.

Activity by Class

Class A — Club or non-club groups of three or more people who set up temporary/portable Field Day sites away from their usual station locations: 1,254 entries (29%).

Class B — Club or non-club groups

with one or two people who set up temporary/portable Field Day sites away from their usual station locations: 568 entries (13.2%).

Class C — Mobile or rover operators from vehicles, bicycles, and boats: 52 entries (1.2%).

Class D/Class E — Stations operating from home, with either commercial power (Class D) or emergency power (Class E): 2,262 entries (52.4%).

Transmitter Count by Class

Class	Class Definition
A	Three-person or more club/non-club portable using emergency power
AB	Per above, with battery or alternate non-generator power source
AC	Per above, but with commercial power
B1	One-person club/non-club portable using emergency power
B1B	One person per above, with battery or alternate non-generator power source
B1C	One person per above, but with commercial power
B2	Two-person club/non-club portable using emergency power
B2B	Two persons per above, with battery or alternate non-generator power source
B2C	Two persons per above, but with commercial power
C	Mobile stations
D	Home stations using commercial power
E	Home stations using emergency power
F	EOC stations

1AC	13	2C	2	12F	1
2AC	38	3C	1	Checklog	183
3AC	40	1D	1425	Total	4,319

Class F — Stations operating from or as EOCs: 183 entries (4.2%).

Checklogs — 123 entries were listed as checklogs if they were missing the required list of calls sorted by band and mode (also known as a dupe sheet), showing that no duplicates were counted twice in their total QSO counts. Stations that exceeded the maximum allowable power output for their entry class are classified as checklogs.

How Do You Field Day?

Field Day is whatever you make it. For some participants, it's a contest; for others, it's a social gathering and club activity. Other groups use Field Day to showcase what amateur radio is all about to the public. Some groups use Field Day as an opportunity to introduce youths to amateur radio.

The Coventry Emergency Management Agency, KC1CUE, held a radio merit badge class that had more than 20 participants from local scout troops in attendance. Other groups used the event as an educational experience. The Cherokee Amateur Radio Society, WX4CAR, in Georgia, conducted a soldering and building workshop at their Field Day, where participants

Fred Kepner, K3FRK, and Wil Robertson, AI4QT, operated as 3 Guys with Radios ARC, KM3GW, from the Ditto Landing Marina Campground in Huntsville, Alabama. Abundant shade and battery-powered fans helped them battle the high temperatures. [Wil Robertson, AI4QT, photo]

Deanna Soika, KQ4BCP; Zeph Soika, KQ4BIM, and Noelle Soika participated in a 2-meter tape measure antenna building activity with their father Len Soika, KQ4BBR, at Albemarle Amateur Radio Club, W4DO, Field Day held in Earlysville, Virginia. [Bill Morine, N2COP, photo]

built a Powerpole distribution strip. The Orange County Amateur Radio Club, W2HO, held a foxhunting presentation, followed by a hands-on foxhunt later that evening.

Individual participants also have their unique approaches to Field Day. Peter Kobak, K0BAK, combined his Field Day operation with Parks on the Air activations as a Class C entrant in five different parks. Dale Covington, K4GSX, says Field Day is “an opportunity to make and try a

new antenna design.” Greg Ratcliff, NZ8R, used the event to improve his CW skills at the Delaware Amateur Radio Association’s Field Day.

Looking Ahead

For many individuals and groups, planning for next year’s Field Day begins soon after the last antenna is lowered, and the last radio is packed away. What are your plans for Field Day 2025? Share your strategies and ideas with the amateur radio community on the ARRL Field Day

Facebook page at www.facebook.com/groups/arrlfd. Field Day 2025 will occur on June 28 – 29.
